**DOG OBEDIENCE** This class encourages the use of positive reinforcement to teach the 5 basic obedience commands sit, stay, down, come, and place. These 5 basic commands help enforce your place as pack leader and are the basis for all other training such as tricks, agility, fly ball, etc. To reach your training goals, it is vital that you work with your dog for a minimum of 15 to 20 minutes each day using the information and exercises covered in class. With your dedication and commitment, you can have the well behaved dog that you have always wanted. We will teach you how to determine the best methods for training your dog based on its personality and breed. Remember you are the one in charge and your dog needs to respond accordingly.

Instructor **KATHY BETHKE** is a lifelong dog training enthusiast & a certified remote collar trainer since 2006. She focuses on dog behaviors & how to be the pack leader for your dog as it is key in her training style. Bring lots of motivational treats and a 15 ft. leash. Supplies are available through the instructor.
