Calculating Building Permit Fees:

- 1) Using the valuation table, locate the base permit fee
- 2) Using the base permit fee, calculate the following fees:
 - Plan Check (65% of base permit fee)*
 - Plumbing Permit (16.5% of base permit fee) *If applicable*
 - Mechanical Permit (15% of base permit fee) *If applicable*
 - Electrical Permit (18% of base permit fee) *If applicable*
- 3) Add the base fee, plan check fee, issuance fee (\$40), and any other applicable fees together for the total.

Calculating Plumbing, Mechanical and Electrical Permit Fees Separately*:

- *Use these instructions when these trades are not associated with a permit issued to a general contractor*
- 1) Using the valuation table, locate the base permit fee.
 - 2) Using the base permit fee, calculate the plan check fee (35% of base permit fee).
 - 3) Add the base fee, plan check fee, and the issuance fee together for the total.
