"Community" is not just part of our name; it is what our Fitness Center is all about. Approximately 90 of your friends & neighbors use the Community Fitness Center on any given day. Many friendships are created in our friendly, relaxed, & family-oriented facility. Most of our staff are volunteer workers, part of that wonderful community of helpful, involved, people who make Boulder City the special place it is.

A membership has no conditions, contracts or further obligation. It's only \$4 for an entire day of facility usage. If you are a regular user, you may wish to take advantage of our \$25 per month rate. There are also discounted rates for 3 & 6-month memberships, as well as for "couples" & "family" memberships. You only pay for what you want, how you want & only as long as you want.

We are located in the ABC Park. Stop by & check us out. Become healthier, meet people & make some new friends (or visit old ones)!

SENIOR DIMENSIONS FIT FOR LIFE CLUB

~ The Community Fitness Center & Aquatics Center is a Senior Dimensions' Fit for Life Club provider. Senior Dimensions is a private health insurance company, a subsidiary of Sierra Health, that is also a Medicare provider. It recognizes the positive health value of regular exercise by encouraging members to exercise by paying certain exercise-related expenses for Senior Dimensions members. It pays Center fees, limited personal training fees and for classes as noted throughout this brochure, for it's members. The City of Boulder City does not endorse or recommend Senior Dimensions as a insurance company. It merely has an agreement to accept payment from Senior Dimensions for those Fit for Life Club members who choose to utilize City of Boulder City facilities. For information, call the Aquatics or Community Fitness Center or Senior Dimensions at 702-242-7301.

BODY COMPOSITION ANALYSIS FREE (TO MEMBERS)

The Community Fitness Center provides body composition analysis every 4-6 weeks. This analysis is a far more reliable method of charting personal fitness progress than body weight measurements. It determines: body fat percentage & pounds, lean mass pounds & percentage, hydration level, basal metabolic rate, & target ideal weight.

Dr. Jeff Andrews conducts the analysis & explains results with a written report giving you a reliable, scientific measure of your personal progress with your fitness program. For more information & or to learn the next analysis date, please visit the Community Fitness Center or call 702-293-0870.

PERSONAL TRAINING Personal training can be beneficial for elite athletes & those who have never exercised before. If you want to lose weight, improve your sports performance, or to be assured that you are truly improving your health in the most efficient manner, a personal trainer may be just what you need. A personal trainer can tailor a fitness program that takes your current physical condition & fitness goals into consideration.

MARY HINSON is an American Council on Exercise Certified Personal Trainer. She has a passion for the outdoors and fitness and believes the first step towards improving health and fitness is an active lifestyle. Young or old, Mary's programs are geared toward improving overall health and fitness through a balance approach of activities designed to get you up and moving.

JAKE MADER is a National Academy of Sports Medicine (NASM) certified personal trainer. Jake was born and raised in Boulder City and is a 2010 graduate of Boulder City High School. In September, Jake will have a performance enhancement certificate to train athletes. Whether you are an athlete or looking for assistance in meeting your fitness goals a personal trainer is a good place to start. Jake enjoys all outdoor activities and spending time with family and friends.
