

Welcome New Utilities, Public Works Directors

Boulder City had two department directors join the team recently:

Dennis Porter is the new Utilities Director. He is an experienced, highly recommended Director and Administrator with over 30 years of executive leadership responsibility, including oversight of multimillion-dollar operations for three large water utility organizations.

Dennis holds a Bachelor of Science degree in Civil Engineering from New Mexico State University. He is a registered Professional Engineer in Nevada, Arizona and South Carolina, and is a former Colorado River Water Users Association Trustee, a former WateReuse Association Board Member, an American Water Works Association Member and a Water Environment Federation Member.

Keegan Littrell, the new Public Works Director, started in December. He has more than 12 years of progressive engineering experience and more than a decade of lead-design engineer experience.

Littrell earned a Bachelor's degree in Civil Engineering from Montana State University. He is a licensed Professional Engineer in Arizona and California with experience in all aspects of Public Works including administration, engineering, street maintenance, fleet services and facilities. He also has experience in storm drainage, water and wastewater projects.

The Boulder City Historic Preservation Committee invites NOMINATIONS for the annual

2019 Boulder City Historic Preservation Award

for Boulder City's Historic Preservation Day

Since 2011 the Historic Preservation Committee and the City Council have granted an annual Historic Preservation Award (a plaque and certificate) to a building or property within the Boulder City Historic District (map above). The Committee will select the property from the nominations received and the award will be presented by the City Council in April, in time for Boulder City's Historic Preservation Day on May 11th during National Preservation Month. Nominations will be open through Tuesday, March 19, 2019. The winner will be selected by the Committee in March and the award presented at the City Council meeting on Tuesday, April 23, 2019.

Criteria for nominations:

- The property must be within the Historic District. (Addresses can be found on the *Historic District Map Registry* on the City's website at bcnv.org, Community Development Department, Historic Preservation, Preservation Documents)
- The award is based on the exterior of the building/property, as readily visible from the street.
- The award is open to all properties (residential, commercial, institutional, religious, parks and so on).
- The award can be either for a historically appropriate remodel or addition, or simply an excellent example of preservation or restoration.
- The award will not be based on the number of nominations for a property.
- Requirements for nominations:
 - Property address (or name of current business/church/institution).
 - Any property can be nominated by any person.
- Although not a requirement, submission of BEFORE & AFTER photos will be of assistance to the Committee (for remodels or additions, or even for examples of restoration or excellent maintenance).

Nominations can be submitted online or in person or by mail to the Community Development Department, City Hall, 401 California Avenue, Boulder City NV 89005. For online submittal go to www.bcnv.org; on the left menu bar click on "Historic Preservation Award Nominations" and proceed per the instructions there. The winners of the previous awards can also be found on the City website from the same information page.

The Committee looks forward to receiving your nominations!
