

Boulder City Historic Preservation Month

Join Boulder City in celebrating Historic Preservation Month in October!*

The public is invited to participate in a celebration with virtual tours of four local properties that represent the community's dedication to promoting and preserving Boulder City's unique history.

In addition, this year's Historic Preservation Award will be presented virtually by the Boulder City Historic Preservation Committee. The list of properties will be shared on October 1 and the tours will roll out over the next several weeks.

For event information, visit www.bcnv.org/613/Historic-Preservation-Day. For more information about historic preservation in Boulder City, visit www.bcnv.org/173/Historic-Preservation.

**Normally held in May, due to COVID-19 this year's event was postponed.*

The Boulder City Historic Preservation Committee aids property owners in maintaining and enhancing Boulder City historical resources including properties located within the District. In 2019, Boulder City became a Certified Local Government and is working in partnership with local, state and national governments to promote historic preservation efforts.
