This checklist is provided for the convenience of our customers. Complete and accurate plan submittals help speed the plan review process. Attention to the completeness and accuracy of information at the beginning of the process generally leads to fewer delays and requests for revisions by City staff. Please use the checklist to ensure your application includes all information necessary for a timely review of your plans.

The timeframe for permit issuance will be affected by how well and quickly an applicant responds to any corrections required as a result of the first review. The timeframe for permit issuance may also be affected if review or approval is required by the Historic Preservation Committee, Planning Commission or other City entity.

**The plan review timeframe for a first review of this project type is
1 – 2 weeks**

**Part. 1
Applicant's Responsibility**

Applicants are responsible for submitting complete applications. Incomplete applications will not be reviewed until all plans/documents have been submitted.

Checklists are required to be filled out prior to submittal. A blank checklist will be considered an incomplete submittal and will not be reviewed.

A plan review deposit is required for this project type and an invoice will be emailed to the applicant. **The plan review fee must be paid prior to staff reviewing any plans/documents.**

**Part. 2
Applicable Codes**

The project must meet the requirements of the City's adopted codes, ordinances, and regulations, as follows:

2018 International Building Code, with Southern Nevada Building Code Amendments
2018 International Residential Code, with Southern Nevada Building Code Amendments

Title 11, Zoning and Subdivisions (view at municode.com)

**Part. 3
Submittal Package**

All submittals are to be emailed to buildingpermits@bcnv.org

Including key words in the subject line such as "Initial Submittal – [provide address]"; "Revision – [provide application #]", etc., will assist in faster processing

We have a 20MB per email limit, so you may need to submit multiple emails or share your documents via Dropbox, OneDrive or other file-sharing site.

All documents must be digitally stamped/signed

Please provide the following items in your permit application package:

- Completed Building Permit Application**
Must include the property owner's email address
- Plans**
- Backup Documentation**
Engineering/Structural Calculations

Part. 4 Plan Contents

Plans must contain the following minimum content requirements. This list is not intended to be all inclusive of every detail required on a set of building plans. Rather, it is provided to give an overview of the basic plan contents needed for the review of plan sets.

Part. 5 Other Information

- Separately-Owned Versus Rented Lots** *Conversion of a mobile or manufactured home to real property is only permitted on a subdivided lot that is separately owned (i.e. not allowed within a park with rented lots).*
- HOA Approval** *As a general rule, the City of Boulder City does not enforce private CC&R's associated with Homeowners Associations (HOA's). However, applicants are advised to seek approval of any applicable HOA in advance of submitting plans to the City.*
- Setbacks from Streets** *Property lines are not necessarily located at the back of sidewalk or street curb; in most older neighborhoods, the property line along a street is located up to several feet behind the sidewalk or street curb. Although required setbacks are measured to property lines, plans must also depict and label all abutting streets and sidewalks. For setbacks to property lines along streets, plans must also show the distance measured to the back of sidewalk or curb (actual distance to property line will be calculated by staff). In some cases a survey may be required to verify setbacks are met and to determine structures will not encroach into the right-of-way.*
